## Information on the "Tourism for All" labeling system

All establishments and locations certified with the label "Tourism for All" meet the following quality criteria:

- Data and information on accessibility are collected and checked on site by **external, specially trained evaluators**. The method is not based on self-assessments.

### The labeling – explanation of the logos and pictograms

The label "**Information about Accessibility**" indicates that detailed and verified information on accessibility is available for all groups of people.

#### "Accessibility certified: accessible".

There are defined quality criteria for **seven groups of people** and a **specific pictogram** for each group.
