2000 Years 12 Epochs 1 Hour

An immersive time travel through German history

The museum is the first of its kind in the world: a theme park-style museum with detailed life-size backdrops. These historical worlds can be experienced with all the senses. Spread over 1,400 m², twelve defining moments of German history encourage larger groups to experience history together. Instead of having to split up, groups can travel through time together at the Deutschlandmuseum and walk through 2,000 years of the past.

This makes the Deutschlandmuseum the perfect destination for travel groups, school classes or large family outings.
